A wedding has different needs than a meeting. A corporate retreat is not the same as a baby shower. At T.C. Steele State Historic Site, we have a variety of spaces that are suitable for a wide array of events.

Host your event among the rolling hills, scenic vistas, majestic trees and landscape that inspired noted Hoosier painter T.C. Steele and his wife Selma to build their home and cultivate beauty and art in Brown County.

Theodore Clement Steele (1847-1926), noted Indiana artist and member of the Hoosier Group of American regional impressionist painters, was inspired by the picturesque scenes that he encountered in Brown County. He was at the forefront of the state’s art movement and remains one of Indiana’s most honored artists.

Guests are sure to be impressed by the beauty of this historic site. The House of the Singing Winds was built by the Steeles in 1907 and is an excellent spot for photos. The formal gardens have recently been restored to their original beauty, featuring gorgeous lily ponds and winding paths. The Large Studio, built in 1916 and used primarily to display Steele’s work, is a striking indoor space and serves as a backdrop for outdoor events.
